Testimonials

"Tuesday has been a positive, spiritual force in my life since 2005. She introduced me to the power of Reiki at a time when I needed it. Over the years, a friendship blossomed and when I found myself struggling through difficult life and health challenges, she became a powerful resource.

Her Reiki sessions and her spiritual guidance got me through some tough moments. It was because of her healing hands that I decided to learn more about Reiki and received Reiki attunements so that I could deepen my own spiritual Reiki practice. She is a compassionate, intelligent, beautiful soul and I am very blessed to have her in my life."

-Antoinette Reyes

"Not only is Tuesday a powerful energy worker, she is also a warm, compassionate human with a huge heart. She has an amazing ability to put you at ease, gain your trust and connect very quickly. She patiently let me unravel my story and then brought me to a place of deeper understanding and openness.

She has a powerful intuitive ability to get to the deepest levels, offering guidance and wisdom. After one session, I walked away with a lighter heart and a regained trust in my own intuition. It was life-altering in the best sense."

REIKI

Reiki creates the correct conditions for love to flourish. Where love flourishes, mind, body and emotions heal.

Attuning to the subtle vibrations of love with Reiki is a means of attuning to the Higher Self. Your Higher Self holds the blueprint to your spiritual sovereignty and teaches one Self-Mastery.

Laying on of hands is the most natural means of applying and sharing healing in our world. Reiki teaches the student how to navigate their personal healing process and is a highly alchemical means of Spiritual Transformation.

Each student of Reiki becomes a lightning rod for their own divine healing. Learning to consciously apply Self Love through laying on of hands allows the participant to harness and direct Energy in the Universe. This experience is a valuable means to embodying one's personal power and liberation.

REIKI ATTUNEMENT

I offer Reiki Attunement & Certification in the Usui Shiki Ryoho Reiki lineage.

A Reiki Attunement consists of the Reiki Master Teacher placing one or more Sanskrit and/or Japanese symbols into the Shushumna or energetic spinal column of the student. The symbol(s) are also placed into the palms of the hands in a ceremonial ritual.

The symbols act as a catalyst, stimulating an activation that serves to expand the nadis and meridians for more life-force to flow. The student learns how to heal themselves with Reiki by developing a regular hands on healing practice and later in tandem by sharing Reiki with others.

There may be a series of attunements from Level One to Level Two, to Level Three and Master Level over time as the student is guided to explore their healing path with Reiki. ©TuesdayMayThomas2018
